Mapping with the moon

It's Oct. 28th, 2013

Monday Oracle and Mapping with the moon.

We enter the next phase of our journey. It is a time when Mother Moon is moving out of her light into her darker aspects. Into a place of letting go and allowing things to rest, recharge and be renewed. It may seem like a closing is drawing near, but we are only entering an opportunity filled moment to rewrite, surrender, forgive, let go, allow, and rest.

Journal Prompt:
What came up for you with today's oracle pick?
Insights, messages, etc.?

Did any of the images or symbols call to you?

Feel free to share in the forum or you can also private message me if you like :)

Tripping Over Joy—Hafiz

What is the difference
Between your experience of Existence
And that of a saint?

The saint knows
That the spiritual path
Is a sublime chess game with God

And that the Beloved
Has just made such a Fantastic Move

That the saint is now continually
Tripping over Joy
And bursting out in Laughter
And saying, "**I Surrender!**"

Whereas, my dear,
I am afraid you still think
You have a thousand serious moves."
